Attention: Metal Fabricators

...you probably need Vos Voco

- ✓ Operator friendly
- ✓ QR code based solution
- ✓ Track progress and labour inputs
- ✓ Digitise quality records
- ✓ Adaptable (vehicle, MHE, checks, etc)
- ✓ Upskilled management
- ✓ Small, Medium, Family

If this is you, we need to talk...

- Fabricate products that won't fit a production line
- Don't have good visibility of job progress
- Don't have good productivity data
- Don't have a lot of cash for systems
- Wary of achieving tangible benefits from systems
- Need to improve productivity and avoid quality issues

Simply selling you a system would probably disappoint. Our 3—leg approach means data produces results and improves the business.

Only possible using the Vos Voco Quality Network - CALL NOW!
